

# Fish For Muskies in Missouri

**September 18<sup>th</sup>, 2021  
\$125 Donation, Dinner  
Included**

Fish the Pomme de Terre chapter's **Guide for a Day** outing on **September 18<sup>th</sup> 2021** on Pomme de Terre Lake.

Pomme de Terre Lake has been stocked with muskies since the mid 60's and has catch rates higher than lakes "up north". We average an encounter every 6.2 hours and a catch every 13.8 hours with September providing even better fishing than the averages. Multiple muskie days are not uncommon with sizes up to 48 inches in length.

If you don't know how to fish for muskies, this is the opportunity to learn. We will pair you up with an experienced Muskie fisherman for a full day on the water at the peak time of the year to catch a Muskie. If you don't have equipment, we will provide rods, lures and all the other items needed for the day. At the end of the day there will be a social hour to swap stories and tips and we will provide a dinner. This is your best opportunity to experience Muskie fishing in Missouri for the low cost of just **\$125**. Contact **Earle Hammond** to sign up or for more information call George at **816-225-3519** or send an **E-mail to earle2@missourimuskies.org**

**All Proceeds Support the Projects of The Pomme De Terre Chapter of Muskies Inc.**
