

Fish For Muskies in Missouri

**April 23rd 2022 or
September 24th, 2022**

For a donation club member guides take you on Pomme de Terre Lake, Missouri's premier muskie lake, for 8 hours of muskie fishing.

April 23rd - Donation of \$150, 8 hours of guided

muskie fishing. In addition you will receive a 1 year membership to Muskies Inc.

Membership benefits include a monthly newsletter our Bi-monthly magazine, MUSKIE, featuring tips, techniques, and travel ideas, as well as product information, member photos, and local chapter and tournament reports. Stories and articles in MUSKIE are written by members for members with information for new and experienced alike.

September 24th - Donation of \$150, 8 hours of guided muskie fishing. In addition, at the end of the day we provide a dinner and social time to swap stories and tips.

Pomme de Terre Lake has been stocked with muskies since the mid 60's and has catch rates higher than lakes "up north". We average an encounter every 6.2 hours and a catch every 13.8 hours. Spring & fall are the best time for muskie fishing as water temperatures are either heating up or cooling down triggering the muskie to actively feed providing even better fishing than the averages. Multiple muskie days are not uncommon with sizes up to 48 inches in length.

If you don't know how to fish for muskies, this is the opportunity to learn. We will pair you up with an experienced Muskie fisherman for a full day on the water at the peak times of the year to catch a Muskie. It's okay you don't have tackle, we provide rods, lures and all the other items needed for the day. This is a great opportunity to experience Muskie fishing in Missouri. Contact **Andy Hoffman @ 913-620-7030 - gah66012@yahoo.com** or **Dwight Ipock @ 417-207-5284 dwight_ipock@yahoo.com** to sign up or for more information.

All Proceeds Support the Projects of The Pomme De Terre Chapter of Muskies Inc.
Liability release must be signed in order to participate
